Inca Bridge of Q'eswachaka Full Day

Duration: 1 day

About this trip

This tour combines a visit to 4 peaceful and charming lagoons, as well as the impressive Inca bridge of Q'eswachaka. Truly the views towards the lagoons will take more than your breath away! We will have the opportunity to cross the Q'eswachaka rope bridge tour, renovated on the first week of June of each year by the local community members. Walking across this handmade bridge using ancestral Inca techniques, that links the banks of the Apurímac River, will be a totally unique experience.

Day 1: Inca Bridge of Q'eswachaka Full D

In combined timing, around 5:00 am, we will pick you up from your hotel in the morning to go to Acomayo, where we will visit the Pomacanchi, Acopia, Asnaqocha, and Pampamarca or Tungasuca lakes. In these lakes, people usually can fish, camp in totora reed huts, and we will have time to observe different species of flora and fauna in each lake.

After visiting the lakes, we will head to the Canas province, continuing until our main destination, the Inca bridge of Q'eswachaka (3,700 meters/12,139 feet above sea level). With a length of 1.20 meters and a width of 33 meters, this bridge is rebuilt by hand by the local residents using "ichu". To protect the work that they will do, the locals perform the "payment to Pacha Mama" ceremony beforehand.

We will cross the suspended Inca bridge going and coming back, where you will need courage to cross it. It's a very special experience that you cannot miss since it is one of the bridges that has maintained its traditional construction since Inca times. You will be able to take beautiful photos of an authentic and unique panorama. Once visited, we will return to Cusco and drop you off at your hotel.

Overnight: Hotel in Cusco (not included)
